

Solar Information

dermalogica®

a skin care system researched and developed by The International Dermal Institute

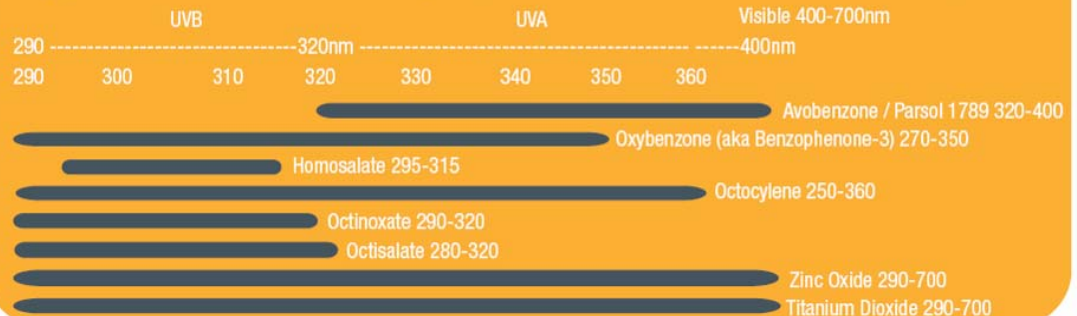

what happens to skin

	Skin is Susceptible to:
Skin Without Sunscreen	<ul style="list-style-type: none"> Collagen and elastin breakdown, leading to premature aging DNA damage caused by free radicals Hypo- and hyperpigmentation
Generic Over-the-counter Sunscreen	<ul style="list-style-type: none"> Skin is protected from UV rays but is still susceptible to free radical damage Formulas are often comedogenic (clogs pores), contain artificial ingredients and fragrances, and feel uncomfortable on skin Often do not contain ingredients that are beneficial to the health of skin or offer treatment for specific skin conditions
Dermalogica Solar Defense System featuring UV Smart Booster Technology	<ul style="list-style-type: none"> Skin is protected against UVA rays, UVB rays and free radical damage Non-comedogenic formulas are free of artificial fragrance and color, and are more like skin treatment products with optimal feel and performance State-of-the-art ingredients treat each skin condition, providing optimal skin care benefits

ultraviolet radiation and where sunscreens protect us

The gray bar below indicates the area in the electromagnetic spectrum that the sunscreen absorbs or reflects, and therefore, protects.

quick reference

oil free matte block spf20

Skin prone to excess oil production or breakouts.

Control shine while blocking the sun! This oil-free formula contains microsponge technology to absorb oil, which helps maintain an all-day matte finish without any powdery residue. An invisible sunscreen protects against UVA and UVB rays while Green Tea helps soothe and calm inflammation caused by breakouts.

super sensitive faceblock spf30

Sensitized skin.

A skin treatment free of chemical sunscreens designed for skin commonly irritated by sun protection ingredients. Lavender, Green Tea and Licorice soothe irritation while mineral UV-blockers Titanium Dioxide and Zinc Oxide invisibly defend against UVA and UVB rays.

extra rich faceblock spf30

Chronically dry and prematurely-aging skin.

An ultra-emollient moisturizer and superior sunscreen in one. Hyaluronic Acid maintains hydration while chemical and physical sunscreens protect against UVA and UVB rays without over-drying. Peptides help stimulate collagen for improved tone while our Skin Smoothing Complex helps retexturize skin.

ultra sensitive faceblock spf25

Environmentally-sensitized skin with compromised moisture barrier.

An ultra-emollient sunscreen that protects against damaging rays without irritation or sunscreen chemicals. A light tint ensures natural coverage, while herbal extracts and antioxidant vitamins soothe the skin.

solar defense booster spf30

All skin conditions.

Change your sun protection as often as the weather! Add full-spectrum protection to your moisturizer or foundation by mixing equal parts, or use alone for an SPF of 30.

multivitamin bodyblock spf20

All skin conditions, especially prematurely-aging skin.

Instantly hydrate skin and treat areas prone to aging while blocking damaging UVA and UVB rays with this body moisturizing sunscreen. Panthenol (Pro-Vitamin B5) helps skin recover from previous damage while skin-smoothing Shea Butter and Oil of Evening Primrose quickly relieve dryness.

waterblock solar spray spf30

All skin conditions.

Ideal for outdoor enthusiasts, this very water resistant spray sunscreen provides instant full-spectrum protection for up to 80 minutes. Vitamins C and E help protect against environmental assaults while Vitamin A and Organic Silicones condition skin.

full spectrum wipes spf15

All skin conditions.

Convenient wipes of our renowned sunscreen technology make for truly take anywhere sun protection. Evenly covers hard-to-reach areas without any spilling or mess.

solar shield spf15

All skin conditions.

Very water resistant protection (up to 80 minutes) in convenient stick form provides a sunscreen and moisture shield for the lips, ears and nose.

after sun repair

All skin conditions.

This treatment balm helps repair recent UV damage while instantly soothing overexposed skin. Our Reporative Complex helps protect cell proteins and restore lost moisture while Japanese Alder scavenges free radicals and accelerates repair of UV-induced DNA damage. A blend of homeopathic herbs reduces irritation, redness and pain induced by sunburn. Ideal for use on post-waxed skin.
